

## Elephant & Piggie | Sensory-Intense Moments

Because *Elephant and Piggie* is an energetic, fun-filled musical, the lights may change frequently or flash, and the music may get louder or softer. Our performers may also come out into the aisles next to you. If at any time you need to **take a break** from the performance, you may exit the theatre to the lobby for a quiet area. **Fidgets** and **noise-reducing headphones** are available at our Sensory Station in the lobby. If you find yourself needing to **stand or pace** during the performance, you may use the space behind the green chairs on the far left or right side of the theatre.

Below we have highlighted some especially surprising or sensory intense moments in this production so that you can be ready for them when they happen (Contains Spoilers!).
